ADMISSIONS/ENROLLMENT

- Cal-Trade Welding school of Modesto has open enrollment. We require 24 hours' notice prior to a student beginning their program.
- High School Diploma or GED.
- Proof of U.S. citizenship (state photo ID license and social security card minimum)
 - A visa is not proof of US citizenship, and is not acceptable
- The applicant must be eighteen (18) years of age or older or beyond the age of compulsory school attendance in the state of California.
- The applicant must demonstrate the ability to benefit from the instructor's individual review and have a minimum 3rd grade level of education.
- The applicant must have sufficient manual dexterity, and the physical ability to acquire the skills of welding.
- The applicant must have the ability to read and write satisfactorily to absorb the theory and lecture sessions. In special circumstances, the admission requirements may be adjusted.
- Cal-Trade has an open entry, open exit policy. Each applicant is reviewed on an individual basis. The results of the review form a basis for eligibility to enroll. The student is then informed of his/her acceptance.
- Cal-Trade Welding School of Modesto does not deny admission on the basis of age, race, color, gender, sexual orientation, physical handicap, religion or national origin.
- Cal-Trade has not entered into an articulation or transfer agreement with any other college or university. Credits earned at other institutions are not accepted at Cal-Trade.

SUPPLIES

In order to ensure that the students have the proper safety equipment, we have included the supplies as part of the course costs. Due to sizing requirements steel toe boots must be provided by the student. If safety equipment and supplies were not included in the cost of the course and required to be purchased through the school, students could purchase some of the supplies elsewhere.

WITHDRAWS AND REFUNDS

Each student at the school has the right to withdraw from the course at any time. The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. The amount of the refund shall be “prorated” according to the incomplete portion of the course less cost of any un-returned unused equipment and the registration fee. The refund shall be calculated in the following manner based on the student’s last day of enrollment.

Refunds are calculated in the following manner:

Refunds for students who have completed 60 percent or less of the period of attendance shall be a prorated. The amount owed equals the daily charge for the program (Total institutional charges, divided by the number of days or hours in the program), multiplied by number of days student attended or was scheduled to attend, prior to withdrawal. Student must cancel in writing and clock hours continue to run until written notice (even if student is not at school) has been received. If student has completed more that 60% of the training, the school may keep the remaining tuition and no refund will be given. The registration fee is non-refundable, and we keep the cost of un-returned and/or used equipment. If a student loan is received for the cost of the course, the refund will be returned to the lender to reduce the loan debt. Maximum nonrefundable registration fee for Veterans is \$10.00, remaining amount will be prorated.

VETERANS ADDENDUM

REFUND POLICY FOR NONACCREDITED COURSES

This school has maintained a policy for the refund of the unused portion of tuition, fees and other charges in the event the veteran or eligible person fails to enter the course or withdraws, or is discontinued therefrom at any time prior to completion. The amount charged to the veteran for tuition, fees and other charges does not exceed the approximate pro-rata portion of the total charges for tuition, fees and other charges, that the length of the completed portion of the course should bear to its total length.

To cancel the contract with the school, students must mail or deliver a signed and dated copy of the Notice of Cancellation or any other written notice to the school; the postmark will be the effective date if the notice is properly addressed with proper postage.

The student has the right to cancel the enrollment contract with Cal-Trade Welding School without penalty or obligation until midnight of the seventh (7th) business day following (a) the first-class session that is attended, (b) the student’s receipt of the Notice of Cancellation or (c) The student’s receipt of the Enrollment Contract and other required disclosures, whichever is later.

If the school has given the student equipment or books, the student shall return the books or equipment unmarked and unused following the date of the Notice of Cancellation. If the student fails to return the books or equipment within this thirty (30) day period, the school may retain the portion that represents the documented cost of the books and equipment. In the event no monies have been paid, the student will be billed accordingly.

Refund policies are stated in the Enrollment Agreement and Notice of Cancellation. In the event of withdrawal or dismissal from the school, all books and supplies furnished must be returned immediately. Failure to return books and supplies in good condition (as determined by the school) following the date of withdrawal or dismissal will result in a reduction in a refund owed to the student in accordance with the terms set forth above. Within thirty (30) days of the day on which the refund is made, the institution shall notify the student in writing of the date which the refund was made, the amount of the refund, the method of calculating the refund, and the name and address of the entity to which the refund was sent.

PROBATION AND DISMISSAL

Students are expected to attend all classes. Cal-Trade Welding School considers punctuality not only desirable but also necessary. The administrator will counsel students failing to maintain satisfactory attendance. If attendance fails to improve, the administrator, acting at his discretion may dismiss a student or place student on probation for unsatisfactory attendance. Re-admittance may be permitted if the cause for unsatisfactory attendance has been corrected.

The school determines if the student is maintaining satisfactory progress on a monthly basis. If the student's grades and attendance at the point that even with completion of half of the program, the grade average and attendance average cannot be improved to meet satisfactory progress criteria, the student may be placed on probation for the next month. If at the end of the probation period, the student's performance remains below minimum requirements the student may be dismissed or returned on probation, at the discretion of the administrator.

Veterans

Veterans or eligible persons are evaluated monthly to determine satisfactory progress. If the student's academic competence is below 70%, he/she will be placed on probation for the next two weeks. If at the end of the probation period, the student's performance remains below minimum requirements, veterans' benefits will be discontinued. Re-enrollment will be approved only after evidence is shown to the director's satisfaction that conditions which caused the interruption of benefits have been rectified.

ATTENDANCE POLICY

Students will be expected to attend classes as they would attend work if they were employed. All absences will be recorded. A leave of absence will be granted to a student who presents an acceptable reason; the administrator must grant this. Absences will be considered as excused under the following circumstances: Birth or Death in the immediate family, illness, or any other legitimate reason that can be substantiated. All other absences will be considered as un-excused.

The administrator may excuse reasonable tardiness. Un-excused tardiness is considered an absence after one hour.

Class cuts will not be tolerated and are regarded as an unexcused absence. Make-up work may be required for the sake of progress; make up work can be completed during lunch. If attendance drops below 80% the student will be placed on probation for the next two weeks. If the student misses 5 consecutive unexcused days he will be put on probation for the next two weeks. During probation time student must maintain perfect attendance. If attendance does not improve to required minimum average by the end of the probationary period, the student will be put on additional 2 week probation. If student misses any days during the second probation period the student will be dismissed; Veteran students' educational benefits will be discontinued. Any additional time requested beyond original graduation date, due to excessive unexcused absences may be subject to extra charges.

ATTENDANCE POLICY CONTINUED

Cal-Trade Welding School endeavors to provide students with a full range of welding skills and the accompanying Welding Certificates Enabling employers to confidently hire Cal-Trade Welding School graduates. Additionally, to make available a steady supply of qualified welders to the community at large.

To ensure this goal for the for the benefit of Cal-Trade students and their employers, the following contract will apply to each student:

- Attendance on a daily basis is **MANDATORY**
- Any pre-planned absence (vacations, Doctor /dentist appointments, surgeries, funeral, etc.) will be approved by Robert Erwin/Maria Rodrigues **in advance** of the time taken off.
- Any absences longer than a **three day period** will require a Doctors release on the day the students returns to school.
- The Combination Welding Course must be completed within 18 weeks, unless pre-approved by Robert Erwin/Maria Rodrigues. Students are allowed 10 days for sick leave.
- The Structural Welding Course must be completed within 9 weeks, unless pre-approved by Robert Erwin/Maria Rodrigues. Students are allowed 5 days for sick leave.
- The Mig and Tig Course and the Pipeline Course must be completed within 10 weeks, unless pre-approved by Robert Erwin/Maria Rodrigues. Students are allowed 5 days for sick leave.
- If a student has the need to terminate his/her attendance at Cal-Trade Welding School, a portion of the tuition may be refunded. Please see our refund policy on page 12.
- Welding booths are reserved for each enrolled student for (6) hours each day of enrollment. A minimum of six hours will be accumulated regardless of the student's presence or absence, unless absence is excused.

LEAVE OF ABSENCE

Student may be granted a leave of absence as long as it is approved by the administrator. Leave of absences may not be more than 180 days. Cal-Trade must receive written request before leave of absence can be granted.

PAYMENT INFORMATION

Cal-Trade Welding School of Modesto allows the course costs to be paid in installment payments. Courses must be paid in full before completion of program. Please check with the office staff for payment schedule.

LOANS

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

BANKRUPTCY

This institution does not have any pending petitions in bankruptcy and has not filed a petition within the preceding five years.

PLACEMENT ASSISTANCE

Known job openings in the field are provided to each student upon completion of the course. The school maintains an active list of employment opportunities. While the school will provide assistance, it can make no promises for placement of employment. Lifetime job search assistance is available to successful Cal-Trade graduates.

OCCUPATIONAL REQUIREMENTS

Cal-Trade is proud to offer assistance in the following areas; basic mathematics, the reading of measuring tapes both standard and metric, welding symbols and blueprint reading, welding theory as well as assistance in obtaining GED's. These are not required programs for graduating from the welding course, but if needed by the students Cal-Trade is able to provide instruction in these areas.

STUDENT RATION AND METHODS OF INSTRUCTION

Cal-Trade Welding School of Modesto provides at least one (1) instructor for each group of 15 students per course. Students will be taught theory and lecture in a group of no more than 20 students per classroom session. Instructions at the welding stations will be given on an individual basis; therefore, students may progress at their own pace. When appropriate, audio-visual presentations are provided.

ENGLISH AS A SECOND LANGUAGE ESL

Instruction given at Cal-Trade Welding School of Modesto is primarily in English. The school does not have an ESL program. High School Diploma or GED are required upon enrollment.

HOUSING

Cal-Trade Welding School does not provide dormitory facilities under its control and we do not provide assistance to the student in finding housing. The available housing near the school is favorable. The average cost of a detached home in Stanislaus county is approximately \$320,000.00. Rental home in the area range from \$1300.00 to \$1500.00 per month. Apartment rentals range from \$1300.00 per month for a 1 bedroom to \$1500.00 for a 2-bedroom 2 bath.

VISA

Cal-Trade does not admit students from other countries.

EXPERIENTIAL CREDIT

Upon enrollment, the student will be asked to list any previous education, training or experience in the exact area of training for which enrolled. If it is sufficiently thorough and relevant, and can be demonstrated as satisfactory proficiency, appropriate credit will be allowed at the discretion of the administrator. The course length will be shortened and fees proportioned. If student disagrees with the decision, he or she can appeal the decision. Student will meet with the Administrator to discuss his or her concerns. The student's records will document any such action.

FINANCIAL AID

You are responsible for repaying the loan amount plus any interest, less the amount of any refund. If a student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan both of the following may occur: (1) The federal or state government or loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Cal-Trade Welding School of Modesto participates in federal and state financial aid programs.
